

**PROFESSIONAL
PUMP**
A CRANE ENGINEERING COMPANY

Fluid Process Equipment | Service & Repair | Installation | Skid Systems | Valve Automation & Design

Professional Pump is the **SOURCE** for all of your valve needs. We represent industry-leading valve manufacturers. Our extensive inventory allows us to assemble, test, and ship valves the same day!

D-U-N-S: 13-142-5704 | ISO 9001:2015 certified

BALL VALVES

Industrial carbon and stainless steel and alloy ball valves for manual, automated and control applications

Two & three piece, full, reduced & multi-port design, flanged, threaded, socket weld for manual, on/off and control

High temperature, high pressure, digester blow, sand and liquor valves, metal seated, trunnion mount and phantom port designs

BUTTERFLY VALVES

ANSI Class high performance and resilient seated butterfly valves for a wide range of applications, manual or automated

Ductile iron body, cartridge style seat up to 48"

CRANE FKX

Triple offset for extreme low and high temperature application

Carbon and stainless steel high performance butterfly valves, iron body resilient and PTFE seated butterfly valves

CHECK VALVES

Swing and High performance, non-slam, wafer to 88" and class 2500

Non-slam, spring assisted stem guided up to class 2500

Wafer, lug and flanged style swing and double door

SANITARY VALVES

Full line of sanitary ball, butterfly and check valves, relief and vacuum valves and sanitary specialties

Single seat valves, butterfly and check valves, valve repair components

Ball and butterfly valves; fittings for sanitary and pharmaceutical applications

Ball, plug, butterfly and diaphragm valves for sanitary and pharmaceutical applications

Free flow shutter valves for sanitary applications, 2-way & multiport configurations

ACTUATORS/AUTOMATION

Pneumatic, electro-pneumatic, and smart positioners; explosion proof

3-way and 4-way solenoids

3-way and 4-way solenoids

Pneumatic, electro-pneumatic, and smart positioners

Electric on/off, modulating, quarter turn, and fail closed actuators

Pneumatic vane actuators

Pneumatic rack and pinion, scotch yoke and electric, limit switches, solenoids mounting kit, electric on/off, modulating quarter turn

Temperature sensors and assemblies including thermocouples, RTDs, PT100s, thermowells and accessories

Electric on/off, modulating, quarter turn, and linear actuators

Smart/intelligent valve positioners

CONTROL VALVES

Patented diffuser plate high performance control butterfly valves

Industrial carbon and stainless steel segmented and V-ball for precision modulating applications

High-performance, rotary control valves and V-ball for a wide range of throttling and on-off applications

Custom sanitary control valves for viscous, pasty medias and medias containing solids

SPECIALTY VALVES

Triple offset butterfly valves for extreme low and high temperature applications

Back pressure and pressure relief valves, pulsation dampeners, pump accessories

A leading manufacturer of industrial thermoplastic valves and accessories

USA manufactured pinch valves, duckbill and wafer check valves, ISO rings and pressure sensors

Valves for chemical, water/wastewater and ultra-pure applications

Pressure regulating valves, back pressure and pressure relief valves

Pig diverting valves and Pigging Systems for viscous and fast hardening sanitary media
